We know you’re concerned about the COVID-19 situation and want you to know that we are too. As the COVID-19 concerns emerged, we took immediate action to safeguard our players, our employees, and our community. We continue to work within the federal recommendations and our state and local government guidelines, and adjust our operations as things change.

Here is an outline of the steps we've taken (subject to change):

**Tee Time Availability**
- Tee times are available to the public seven (7) days in advance, limited to between 9 a.m. and 2 p.m. with no replays and MUST be prepaid online through the Bear’s Best Las Vegas website
- Tee times will include up to four players at 12-minute intervals to allow more social distance
- One per cart, or if living in the same household, no more than two per cart. No exceptions.
- We will lift our restriction on walking and allow golfers to walk.

**Clubhouse Closure**
- LIMITED BBQ operation will be available for curbside pickup and to-go – no outside food
- Our clubhouse will remain closed and is restricted to a limited number of on-duty employees
- Public restrooms will be cleaned and sanitized at least every two hours in our outdoor pavilion and on the golf course, and sanitizer stations will be available at on-course restroom locations
- ALL employees will wear protective gloves and face coverings, and have their temperature checked before they begin work. Anyone registering a temperature above 100.4 will not be allowed to work, and will be sent home immediately.

**Golf Course**
- All golfers will be required to check in at the golf desk PRIOR to play on the west patio
- All rakes and ball washers have been removed from the course – please smooth divot with feet.
  - We recommend if a ball lands in a footprint or location previously played from, it is considered “Free Placement” with no penalty
- Cups have been retrofitted with a sleeve. Once a ball hits the cup or flagstick, it is deemed holed.
- The flag stick is not to be removed during play
- All coolers, sand and seed bottles have been removed from the carts and golf course, and bottled waters are available for purchase

**Practice Facility**
- The putting green, range and chipping green will be for paying players only, no day use offered
- Hitting stations will be set up with at least 12 feet of social distance in between
- Golf balls will be washed with soap and sanitized before being put out for use
- The driving range will be provided for warm-up only, with a limited amount of golf balls
- Shag bags have been removed, and staff will maintain the area
- The driving range will open 30 minutes prior to the first tee time and close with the last tee time
